Why Choose Sage?

Sage is the leading global provider of business solutions for the small business market. With an unparalleled range of products and services for startups all the way through established companies, Sage makes it easier for businesses to manage their processes. In the following pages, we provide information about our leading small business products and services so you can help your customers choose the right Sage solution to meet their needs.

Sage ACT! makes it easy to have meaningful conversations with customers by giving users an organized view of the people they do business with. Like the millions of individuals in small businesses and sales teams who use Sage ACT!, users will always be prepared with recent emails, meeting notes, task reminders, and social media profiles, because all of these details live in one place.

See page 6 for more product information.

Sage Peachtree is for small businesses that are committed to getting the numbers right and making decisions that improve results. It is the accurate, easy-to-use accounting software that provides the insights and control small businesses need to help them get organized, so they can spend more time running their business.

See page 10 for more product information.

Sage Timeslips is an industry-leading time and billing solution that has been satisfying service firms for 25 years. It is specifically designed to help professional service firms capture more billable time, better track expenses, and get critical information about their businesses so they can become more productive and profitable.

See page 19 for more product information.

Sage products work together to help small businesses eliminate duplicate data entry, improve customer service, and increase efficiency. With Sage products, your customers will have a complete view of all interactions so they can be more productive and make more insightful business decisions.

What's New for 2011?

At Sage, we live and breathe business every day. We continually strive to deliver compelling new features and enhancements designed to help small business people grow their bottom line. Here are just a few of the ways Sage is helping small businesses increase their profitability.

Sage ACT! 2011 helps small businesses and sales teams get more of what they value most—time and money—by automating key activities and unlocking a rich source of new leads. Smart Tasks handle the things small business people need to get done every day, so they can shift their focus to growing their business with tools like Sage Business Info Services for ACT!®, which pulls highly targeted prospect lists from Hoover's™ directly into Sage ACT!. Learn more about what's new in Sage ACT! 2011 at www.ACT.com/2011/upgrade

See page 6 for more product information.

Sage Peachtree 2011 provides immediate benefits. The easiest Sage Peachtree release ever, it gets users to information faster so they can quickly take action. Instant access to information makes billing customers, reacting to issues, and controlling profitability easier. Sage Peachtree 2011 simplifies everyday tasks so users can get more work done, and helps them make informed decisions to increase business profitability. Learn more about what's new in Sage Peachtree at www.Peachtree.com/ProductsServices/WhatsNew

See page 10 for more product information.

Sage Timeslips 2011 is better than ever at turning time into money. With improvements in reporting, performance, and expanded customization options, Sage Timeslips 2011 lets users work more efficiently for greater productivity. The Helpful Support Your Customers Deserve!

All Sage products offer multiple Help options so your customers can get fast answers to their questions.

- Our online communities help users connect to share experiences and best practices:
 - [**Sage ACT! Community**](#)
 - [**Sage Peachtree Community**](#)
 - [**Sage Timeslips Community**](#)
- Easy-to-use Setup Guides, in-product tips, and screen-level help provide step-by-step guidance.
- A variety of support plans are available if additional help is needed.²
- All customers receive FREE phone support³ from our knowledgeable support specialists.

Sage ACT! Pro 2011

Ask your Sage ACT! prospect these questions:

- *Do you need an easy way to manage multiple details about your contacts and customers?*
- *Is the development of long-lasting, profitable relationships key to the success of your business?*

Sage ACT! is the #1 selling contact and customer manager in the world with 2.8 million successful customers. It makes having meaningful conversations with your customers easy by giving you an organized view of the people you do business with. With Sage ACT! Pro, you'll always be prepared with recent emails, meeting notes, task reminders, and social media profiles at your fingertips, because all of these details live in one place.

With Sage ACT! Pro you can:

- **Organize the details.** Be prepared with Sage ACT! so you can quickly zoom in on the details of your customer relationships.
- **Market like a pro.** Attract new customers and get more from existing relationships using Sage ACT! lead/business information¹ and e-marketing services.¹
- **Control your sales pipeline.** Capture prospects and manage them through an out-of-the-box Sage ACT! sales process or a process that you personalize.
- **Get more done.** Let Sage ACT! handle the things you need to get done every day, like send emails and schedule activities.
- **Stay in sync.** Better coordinate your efforts when speaking to customers, because you and your team of 10 or less have access to the same relationship details.

Target Market: Designed for small businesses and independent professionals, like consultants, realtors, financial advisors, and more, who need to get organized, increase sales, and improve marketing communications.

Sage ACT! Premium 2011

Ask your Sage ACT! prospect these questions:

- *Do you need to manage multiple details about contacts or customers, while staying in sync with the rest of your team?*
- *Are on site and remote access options key to your team's success?*

Sage ACT! Premium is designed for people and teams who need to efficiently share relationship details. Even if your business is scattered in different places, Sage ACT! Premium provides access to a central database from Windows® and the web. Plus, it has features your team needs to succeed, including enhanced security, group dashboards and reports, and advanced administration.

All the features available in Sage ACT! Pro, plus:

- Better coordinate sales efforts with shared access to relationship details.
- Keep sensitive customer information private with enhanced security settings.
- Gain insight into team performance with graphical dashboards and reports.
- Manage meetings and resources across teams with group scheduling.
- Administer, deploy, and sync with ease using advanced settings.

Target Market: Designed for small businesses and sales teams that need to get organized, share information across teams that work on site and remotely, increase sales, and improve marketing communications.

Choose the solution that best fits your business needs.

Sage Connected Services for use with Sage ACT!

The following integrated products and services are designed to help Sage ACT! users optimize their investment to further enhance sales and marketing productivity.

Sage Business Info Services for ACT!¹

Get valuable sales leads based on targeted criteria and enhance existing contact and company data all within Sage ACT!. Sage Business Info Services for ACT! pulls highly targeted prospect lists and business info from Hoover's™ and puts them directly into Sage ACT!. Tap into a database of 65 million companies and 85 million contacts to build lists based on location, size, industry, type, people, and more.

Important Note: Import functions for Sage Business Info Services for ACT! must be performed on the web server when using Sage ACT! Premium (access via web).

Sage E-marketing for ACT!¹

Easily create targeted marketing campaigns and build long-lasting, profitable business relationships with Sage E-marketing for ACT!. This cloud-based email marketing service enables users to execute sophisticated campaigns while leveraging and building on their existing Sage ACT! data. Capture leads with web forms, nurture prospects automatically with Drip Marketing plans, and quickly identify the hottest leads using a ranked call list.

Important Note: Sage E-marketing for ACT! is powered by Swiftpage™.

ACT! Mobile Live¹

Access and update Sage ACT! from anywhere with ACT! Mobile Live, a cloud-based mobile service that delivers Sage ACT! contacts, calendar, meetings notes, conversation history, and upcoming activities to BlackBerry® and Windows Mobile® devices. *Support for iPhone® is coming soon!*

Important Note: Review ACT! Mobile Live system requirements at www.act.com/mobilesystreq.

Sage ACT! Anytime Learning¹

Anytime Learning offers the convenience of Internet-based recorded sessions that are available 24 hours a day, 7 days a week. Using just a computer, speakers, and a high-speed Internet connection, Anytime Learning is an ideal way to review material, acquaint new hires with basic software skills, and train staff in remote offices.

Sage Peachtree First Accounting 2011

Ask your Sage Peachtree prospect these questions:

- Are you a small service-based business with no employees to pay or inventory to track?
- Are you currently using a manual or paper-based system to do your accounting and want to automate your check writing and bill payments?

Sage Peachtree First Accounting 2011 is an easy-to-use, basic accounting solution that helps you improve your productivity. It provides tools to create invoices, record customer payments, write checks, track expenses, produce customer statements, and generate 35+ reports and financial statements.

Additional features include:

- **NEW!** Easier start-up, plus 30 days of free training⁴
- Online banking reconciliation⁵
- General ledger and registers
- Customer and vendor transaction history
- **NEW!** Setup Advisor
- Store multiple contacts for every customer⁶
- Automatic backup
- Financial analysis and competitive benchmarking⁷

Target Market: Designed for the owners of newly formed or small, service-based businesses who need to organize their financial information, but have little or no in-house accounting expertise. Easy-to-use screens and multiple Help options make it ideal for those who are automating financial records for the first time or converting from personal finance software.

Sage Peachtree Pro Accounting 2011

Ask your Sage Peachtree prospect these questions:

- *Do you need to manage your cash flow and budgets?*
- *Do you have basic inventory or job costing needs?*
- *Do you have employees to manage?*

Sage Peachtree Pro Accounting 2011 helps improve the productivity of your small business with easy-to-use accounting features that can automate invoices, checks, and track employee payroll⁸. You can record customer payments, create budgets, and track sales, inventory, and expenses. Plus, it provides 80+ reports and financial statements.

All the features of Sage Peachtree First Accounting, plus:

- Basic inventory management
- Integrates with Microsoft[®] Excel[®] and Word⁹
- Quotes¹⁰, sales orders, and purchase orders
- Budgeting and cash flow management
- Built-in checks for common accounting errors
- Easy conversion from QuickBooks^{®11}

Target Market: Designed for owners of service-based or product-oriented small businesses who have a basic understanding of accounting and want a solid small business accounting solution. User-friendly tools with multiple Help options make it well-suited to those moving from a manual system or personal finance software.

Sage Peachtree Pro Accounting with Payroll 2011

Ask your Sage Peachtree prospect these questions:

- *Do you have employees and want to process payroll in-house?*
- *Would you like to file and deposit federal and state payroll taxes electronically?*

Sage Peachtree Pro Accounting with Payroll 2011 helps improve your productivity by providing access to an in-house payroll solution, along with the tools to manage your essential accounting tasks easily and accurately. Plus you'll save \$245 off separate purchases of Sage Peachtree Pro Accounting 2011 and a one-year subscription of Sage Peachtree Select Payroll!¹²

All the features of Sage Peachtree Pro Accounting, plus:

- Conveniently file forms and pay taxes electronically¹³
- Reduce the risk of costly errors in payroll tax calculations
- Print paychecks right from your own PC

Target Market: Designed for small business people who prefer the control and flexibility of managing payroll and tax filings, and also need the accuracy and security of a comprehensive accounting solution that uses real, double-entry accounting principles.

Sage Peachtree Complete Accounting 2011

Ask your Sage Peachtree prospect these questions:

- *Do you have in-depth inventory needs?*
- *Would you like reporting and tracking on profitability for jobs or projects?*
- *Do you need to provide multiple people with access to your accounting software?*
- *Would you like to view an audit trail of transactions entered by your employees?*

Sage Peachtree Complete Accounting 2011 helps you work more easily and efficiently with robust core accounting and added features like job costing, time and billing, and in-depth inventory capabilities. Its multi-user option¹⁴ helps improve productivity while providing control over who accesses data. Plus, a clear audit trail helps track errors and deter fraud.

All of the features found in Sage Peachtree Pro Accounting, plus:

- Business Status Center
- Access for 5 licensed, named users¹⁴ with screen-level security
- Cash flow forecasting
- Fixed Assets – track up to 200 assets¹⁵
- Microsoft Outlook contact synchronization¹⁶
- **NEW!** Inventory and Services Management center
- **NEW!** Streamlined Service billing
- **NEW!** Job status indicators
- **NEW!** Enhanced assemblies reporting
- View customer details all in one place
- Open multiple companies at once¹⁷
- Support for Terminal Services¹⁸
- 100+ customizable reports

Target Market: Designed for owners and managers of service-based or product-oriented small businesses who need robust accounting functionality plus in-depth analysis. User-friendly tools, multiple Help options, advanced capabilities and a multi-user option¹⁴ make it easy to upgrade existing accounting systems to meet the needs of expanding businesses.

Sage Peachtree Premium Accounting 2011

Ask your Sage Peachtree prospect these questions:

- *Are you looking for strong, customizable reporting functionality?*
- *Do you have multiple companies and need to run consolidated financial statements?*
- *Would you like to create an unlimited number of budgets and analyze them for up to four years?*

Sage Peachtree Premium Accounting 2011 is an easy-to-use, comprehensive solution that provides tools for strategic growth like multi-company consolidations, advanced budgeting, serialized inventory, and Crystal Reports® 2008. Its multi-user option¹⁴ improves productivity while providing screen-level security and a clear audit trail. It provides advanced budgeting and analysis tools, along with 125+ customizable reports and financial statements.

All of the features found in Sage Peachtree Complete Accounting, plus:

- Advanced budgeting and financial analysis
- Track serialized inventory
- Departmentalized financial statements
- **NEW!** Change order processing
- Industry-specific versions available

Target Market: Designed for the owners and managers of growing businesses who want a premium accounting solution to handle complex business management needs. Combines user-friendly tools with robust functionality and includes a multi-user option¹⁴ for improved productivity.

Sage Peachtree Quantum 2011

Ask your Sage Peachtree prospect these questions:

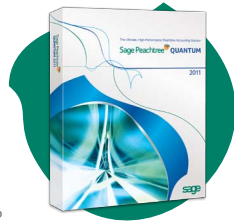

- *Do you need access for up to 40 users, plus the ease of role-based security setup options?*
- *Do you want to improve communications between employees and reduce costly mistakes?*
- *Would you like to set up customizable navigation for your employees?*
- *Are you looking for increased database capacity with faster performance?*

Sage Peachtree Quantum 2011 is a top-of-the-line accounting solution that offers advanced security and workflow solutions to ensure that work is done securely and efficiently. With the ability to support 5, 10, 15, 20, 30, or 40 licensed, named users¹⁹, this high-performance product is the ultimate Sage Peachtree solution for businesses needing to manage multiple users and large databases²⁰, while maintaining quick performance and tight security controls. Plus, it provides access to customer support, product updates, and upgrades for 12 months from date of purchase.²¹

All of the features found in Sage Peachtree Premium Accounting, plus:

- All Sage Peachtree Premium Accounting industry-specific functionality
- SmartPosting Technology for faster performance²²
- Ability to handle large database requirements²⁰
- Customizable order process workflows
- Personalized dashboards and navigation
- Customizable security for individual users
- **NEW!** Job and project management center
- **NEW!** Interactive job reporting

Target Market: Designed for businesses with up to 250 employees that have large data requirements²⁰ and need access for 5, 10, 15, 20, 30, or 40 licensed, named users¹⁹. Features more efficient workflow management, advanced security settings, and faster performance²² for greater productivity.

Sage Connected Services for use with Sage Peachtree

We'll help your customers get the most out of their Sage Peachtree investment with a wide range of integrated products and services.

Sage Peachtree Payroll Solutions⁸

Whether your business prefers the convenience of full-service payroll or wants the control of in-house payroll, Sage has a solution.

Sage Peachtree Checks & Forms

Get checks, envelopes, invoices, statements, mailing labels, and tax forms. Guaranteed to be 100% compatible²⁹ with Sage Peachtree accounting solutions and can be customized to include company logos and more.

Accept Credit Card Payments Using Sage Payment Solutions³⁰

Enables businesses to easily accept and authorize credit card payments, whether or not a card is present (additional hardware may be required). Works with existing bank and merchant accounts.

Sage Peachtree Remote Access powered by GoToMyPC³¹

Securely access an office computer and network resources from any Internet connection. From home. While traveling. Anywhere, anytime—without missing a beat. 30-day free trial.

Sage Peachtree Online Backup Service powered by Iron Mountain³²

Protect critical financial data against hardware failures and catastrophic events with off-site storage. 100 MB is free with Sage Peachtree 2011 and each subsequent upgrade.

Sage Peachtree Online Bill Pay²⁵

Avoid duplicate efforts and reconciliation errors. Pay bills directly from within Sage Peachtree using an existing bank account. Pay any U.S. company or individual, and schedule the exact day funds are transferred.

Sage Peachtree Online Meeting³¹

Present, demonstrate, and collaborate over the Internet—without ever having to leave the office. Meeting attendees instantly see what's on your computer desktop. It's like meeting in person but less expensive and a lot less time consuming.

www.Peachtree.com/Services

Sage Timeslips 2011

Ask your Sage Timeslips prospect these questions:

- Are you a sole practitioner who needs to capture more billable time and expenses?
- Are you a small to medium-sized service firm with multiple timekeepers on a single network?
- Are you looking for a time and billing solution that provides performance, stability, and data integrity throughout the billing cycle?

An industry-leading time and billing solution, **Sage Timeslips 2011** helps you efficiently manage every aspect of the time and billing cycle. Sage Timeslips is easy to learn and use, and helps professionals capture time quickly and accurately for greater productivity and increased revenue. It integrates with everyday business applications like Microsoft Outlook and Excel[®], leading accounting products, and key practice management solutions—all leading to greater productivity and increased profitability.

Features include:

- Easy start-up, easy to use
- Smart time and expense entry
- Intuitive bill generation with a variety of billing arrangements including hourly, contingency, flat fee, percentage of completion, interim billing, progress billing, and more
- Enhanced mobility and productivity with convenient add-on solutions²
- Over 100 customizable reports and graphs

Target Market: Ideal for any business that bills for its time, including sole practitioners and small- to medium-sized service firms with multiple timekeepers on a network.

Sage Connected Services for use with Sage Timeslips

Sage Timeslips users can work the way they want with integrated products and services designed to enhance productivity and mobility.

Access Remotely²

Sage Timeslips Remote is the perfect time and expense tracking solution for anyone who wants access on the go. Track time and expenses while out of the office or in a non-networked environment with any Internet-connected computer.

Bill Electronically²

Sage Timeslips Electronic Billing solutions easily transform Sage Timeslips-generated bills into a number of different industry-standard formats, such as LEDES 98, Examen, and many others.

Add Capacity²

Improve billing efficiency, accuracy, and timeliness by increasing direct access to Sage Timeslips to everyone in the office. Adding network stations to Sage Timeslips gives each user access to specified areas including time and expense tracking, payment entry, reporting, and more.

- 9 Requires Microsoft Excel, Word and Outlook 2002, 2003, or 2007.
- 10 Requires Microsoft Word and Excel 2002, 2003, or 2007.
- 11 Versions 2008 – 2010. Excludes conversion of QuickBooks individual payroll transactions. For additional information on conversion limitations, please visit www.peachtree.com/qb.
- 12 Includes the latest federal and state tax law changes and over 230 federal and state forms. Year end payroll tax forms (such as W-2s and 1099s) are updated at the end of the calendar year. Forms manually filed where electronic filing is unavailable. One employer identification number ("EIN") per subscription (if you have more than one EIN, please call 877-231-3761). Registration, authorized signature, Internet access, and valid email address required. W-2 form delivery to employees requires additional fees. Additional fees may apply for late filing. Subject to third party terms and conditions. Forms for PR and USVI are not supported.
- 13 Includes over 230 federal and state forms. Requires subscription to Sage Peachtree Simple Payroll or Sage Peachtree Select Payroll. Not intended for use with dot matrix printers. Forms for PR and USVI are not supported.
- 14 You must purchase one single-user box per named user or one Multi-user Edition for up to five licensed named users. See System Requirements. For greater than 5 licensed named users visit www.peachtreequantum.com.
- 15 Regulatory compliance requires paid subscription. Additional fees apply for more than 200 assets.
- 16 Outlook Sync supported in Exchange 2000 SP2, 2003, 2007, and 2010.
- 17 When opening more than one company performance is not impacted; however, you will experience reduced product functionality in those companies opened after the first one.
- 18 Windows 2003 or 2008 Server along with Remote Desktop Connection or Remote Desktop Web Connection client is required to run in a Windows Terminal Services environment. Terminal Server requires additional memory when more than one user is running under Windows Terminal Services. An additional 21 MB of RAM is recommended for each additional user.
- 19 Multi User licenses available in packs of 5, 10, 15, 20, 30 or 40. A maximum of 40 licensed, named users is allowed. Only the first 40 named users selected in the user maintenance screen are considered licensed, named users.
- 20 Sage Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Sage Peachtree 2011 products.
- 21 The Sage Peachtree Business Care Plan (which includes product upgrades, updates, and customer support) will be renewed automatically each year on the anniversary date of your purchase unless you terminate your agreement prior to that date. Renewal is not required to continued access to product updates for supported versions.
- 22 Performance results are based on recommended system requirements for Sage Peachtree Premium Accounting 2011. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to www.peachtree.com/test2011.
- 23 Requires Microsoft Outlook 2002, 2003 or 2007; Outlook Express 5 or 6; other MAPI compliant email programs.
- 24 Includes Sage Exchange, which is certified to the Payment Card Industry Data Security Standards (PCI-DSS). Requires Internet access.
- 25 Subject to approval and to Sage terms of service. Additional fees, internet access and checking account required.
- 26 UPS functionality is subject to UPS terms and conditions. Internet access required.
- 27 Customer Support Analysts are available from 8:30 am until 8:30 pm ET Monday-Friday, and reserve the right to limit calls to 1 hour or 1 incident.
- 28 Retainage is available only in companies using accrual based accounting.
- 29 Payroll tax forms are 100% compatible when using Sage Peachtree Simple Payroll or Sage Peachtree Select Payroll.
- 30 Subject to approval and to Sage Peachtree Payment Solutions terms and conditions. Additional fees, including swipe terminal for card present transactions, internet access, and credit card required.
- 31 Additional fees, internet access and credit card required. Subject to third party terms and conditions. Price is subject to change.
- 32 Includes access to 100MB of storage space for one year from date of installation. Upgrade to next Sage Peachtree release required to continue free yearly service beyond initial term. Subject to third party terms and conditions. Internet access required. Terms, conditions, pricing, features and service options subject to change without notice. Windows Server 2003 and Terminal Services are not supported.
