Performance

Supports business growth through significant performance, capacity, and scalability.

Peace of Mind

Offers the flexibility, security, and support to run your business with confidence. And as your business grows you can rely on other Sage products through the life of your business.

Make More Informed Decisions

Use the analysis tools offered in Sage Peachtree Quantum to help you manage your finances better:

- **Analysis Tools**—Achieve and maintain financial health with the Cash Flow Manager and Collections Manager. Analyze your business performance or benchmark how you compare to similar companies in your industry with Sage Peachtree Business Analytics².
- **Reporting**—Recognize opportunities and monitor trends with over 140+ customizable reports in addition to Crystal Reports[®] 2008, the leading industry report-writing tool, allowing you to create your own specialized reports.
- **Internal Accounting Review**³—Run up to 15 checks on your data at any time to find potential mistakes.
- **Audit Trails**—Record changes to transactions and track each entry by user to deter fraud.

Implement Centralized Business Management

Sage Peachtree Quantum provides for all your core accounting needs—plus, it incorporates functional and collaborative tools and features that help you run your operation more efficiently.

Order Process Workflow

From one centralized place, easily track all the moving parts of your order process, so nothing gets missed. Also, notify the next person in the process with a status and specific notes as needed. Automatically send notifications to designated employees, customers, or vendors once a task is completed.

Centralized Management Centers

Sage Peachtree Quantum is your one-stop shop for managing each customer, inventory item, service item, or job. Get the details fast with customizable dashboard views, and highlight the information you need to better serve your customers, as well as make better, more profitable business decisions.

Personalized Dashboards

Each user can create customized dashboards to organize key, real-time information and access it easily. View relevant tasks and filter data based on how you need to track it.

Multi-User Management

- Accommodates 5, 10, 15, 20, 30, or 40 licensed, named users¹
- Strong role-based security down to the screen level
- Optimized database capacity with no hard limits on database size⁴

¹ Multi-user licenses available in packs of 5, 10, 15, 20, 30, or 40. A maximum of 40 licensed, named users is allowed. Only the first 40 named users selected in the user maintenance screen are considered licensed, named users. ² Internet access required. ³ Sage is not liable or responsible for any fines or penalties that may result from errors in your company accounting records. The Internal Accounting Review is not intended to uncover all questionable transactions. ⁴ Sage Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Sage Peachtree 2011 products. ⁵ The Sage Peachtree Business Care Plan (which includes product upgrades, updates, and customer support) will be renewed automatically each year on the anniversary date of your purchase unless you terminate your agreement prior to that date. Renewal is not required for continued access to product updates for supported versions. ⁶ Customer Support Analysts are available from 8:30 am until 8:30 pm ET Monday-Friday, and reserve the right to limit calls to one hour or one incident. ⁷ Sage will assist with the management of Sage Peachtree data in Microsoft Excel 2003, 2007 and 2010.
