50-word description

Sage Peachtree Premium Accounting for Construction 2011 provides easy-to-use accounting features, construction-specific features and reports, a multi-user option*, and Crystal Reports® 2008 to help small construction companies improve their operations. Construction features include progress billing, labor burden calculation, and insurance expiration tracking. Sage Peachtree Premium Accounting for Construction 2011 is the ideal choice for small construction companies that want to improve their operations. (*See www.peachtree.com/disclosures for details.)

100-word description

Sage Peachtree Premium Accounting for Construction 2011 provides easy-to-use accounting and analysis tools, a multi-user option* for improved productivity with screen-level security and a clear audit trail, and construction-specific features and reports to help small construction companies improve their operations. Construction features include progress billing, labor burden calculation, subcontractor insurance expiration tracking, and retainage* management for payables and receivables. Choose from among three methods for calculating progress billing payments. Crystal Reports® 2008 is included, giving contractors even greater operational analysis. Sage Peachtree Premium Accounting for Construction 2011 is the ideal choice for small construction companies that want to improve their operations. (*See www.peachtree.com/disclosures for details.)

Target Markets

Sage Peachtree Premium Accounting for Construction 2011 is designed to help the owners of growing construction companies better manage their operations. It combines construction-specific functionality with powerful accounting and analysis tools. You can easily handle such challenging tasks as tracking progress billing, calculating labor burden, monitoring insurance expiration dates, and managing retainage payables and receivables for those companies using an accrual based accounting method. Additionally, Sage Peachtree Premium Accounting for Construction 2011 comes with Crystal Reports® 2008 to provide even greater operational and financial analysis.

Sage Peachtree Premium Accounting for Construction 2011 provides user-friendly tools with robust functionality that appeals to a variety of construction-related trades. Sage Peachtree Premium Accounting for Construction 2011 also offers company consolidation, which is ideal for customers managing multiple businesses. All first-time Sage Peachtree customers receive 30 days of free support*, 30 days of free online training*, a no-risk, 60-day, money-back guarantee, which guarantees satisfaction or refund of purchase price less any rebates paid. (*See www.peachtree.com/disclosures for details.)

Why Choose a Sage Peachtree Solution?

If you view accounting as a tool that can help you make better decisions rather than just a necessary chore, Sage Peachtree is the perfect choice. Sage Peachtree is designed for people like you who are dedicated to getting the numbers right, so you can truly understand how your business is performing. Sage Peachtree is an easy-to-use solution based on real, double-entry accounting principles with module- or screen-level security, audit trails, and automatic accounting checks. You get the accuracy and control you need to improve results.
