Positioning your construction business for growth [49]

25-word description plus bullets

Sage Peachtree Premium Accounting for Construction 2012 is an easy-to-use solution that helps you manage your day-to-day accounting while providing tools to handle construction-specific needs.

- Focus on key business metrics with at-a-glance dashboards
- Track progress billing, calculate labor burden, and monitor insurance expiration dates
- Automatically calculate retainage on invoices and credit memos
- Help increase job profitability with change order processing
- Create multiple budgets based on departments and cost centers
- Consolidate multiple companies for financial reporting
- Design and share construction-specific operational reports with custom reporting tools
- Reduce errors and deter fraud with screen-level security and a clear audit trail

25-word description

Sage Peachtree Premium Accounting for Construction 2012 is an easy-to-use solution that helps you manage your day-to-day accounting while providing tools to handle construction-specific needs.

50-word description

You have strategic growth plans for your construction business. Sage Peachtree Premium Accounting for Construction 2012 is an easy-to-use solution that helps you manage your day-to-day accounting while providing tools to handle your construction-specific business management needs. Features include progress billing, labor burden calculation, subcontractor insurance tracking, and 125+ reports.

100-word description

You have strategic growth plans for your construction business. Sage Peachtree Premium Accounting for Construction 2012 is an easy-to-use solution that helps you manage your day-to-day accounting while providing construction-specific tools to handle your more strategic business management needs. Construction features include progress billing, labor burden calculation, subcontractor insurance expiration tracking, and more. Based on real, double-entry accounting principles, it helps reduce errors and deter fraud with screen-level security and a clear audit trail. Plus, Sage Peachtree Premium Accounting for Construction provides advanced analysis tools and more than 125 customizable reports to help position you for strategic growth.

Target Markets

If you are the owner or manager of a growing construction business looking for a premium accounting solution to handle your complex, industry-specific business management needs, then Sage Peachtree Premium Accounting for Construction 2012 is for you. This comprehensive solution combines construction-specific functionality with powerful accounting and analysis tools. And with a no-risk, 60-day money-back guarantee, which promises satisfaction or refund of purchase price less any rebates paid for all first-time customers, Sage Peachtree Premium Accounting for Construction provides the tools you need to achieve your strategic growth objectives.

Sage Peachtree Premium Accounting for Construction 2012 helps you to easily handle such challenging tasks as tracking progress billing, calculating labor burden, and monitoring insurance expiration dates, and managing retainage payables and receivables for those companies using an accrual based accounting method. Sage Peachtree Premium Accounting for Construction also enables fast start-up, check writing, invoicing, purchasing, bank reconciliation, project tracking, advanced budgeting, the ability to archive company data, custom reports, and more. It offers user-friendly tools and multiple Help options to get you up and running quickly. For improved productivity, Sage Peachtree Premium Accounting for Construction is also available in Multi-User Edition, which allows more than one person to work in Sage Peachtree.

Why Choose a Sage Peachtree Premium Solution?

If you view accounting as a tool that can help you make better decisions rather than just a necessary chore, Sage Peachtree is the perfect choice. It's designed for people like you who are dedicated to getting the numbers right, so you can truly understand how your business is performing. Sage Peachtree Premium Accounting for Construction 2012 is an easy-to-use solution based on real, double-entry accounting principles with screen-level security, audit trails, and automatic accounting checks, so you get the accuracy and control you need to improve results.
