100-word description

You have strategic growth plans for your manufacturing business. Sage Peachtree Premium Accounting for Manufacturing 2012 is an easy-to-use solution that helps you manage your day-to-day accounting while providing manufacturing-specific tools to handle your more strategic business management needs. Manufacturing features include enhanced BOM management, the ability to create/track work tickets, serialized inventory tracking, and more. Based on real, double-entry accounting principles, it helps reduce errors and deter fraud with screen-level security and a clear audit trail. Plus, Sage Peachtree Premium Accounting for Manufacturing provides advanced analysis tools and 125+ customizable reports to help position you for strategic growth.

Target Markets

If you are the owner or manager of a growing small manufacturer or large make-to-stock manufacturing business looking for a premium accounting solution to handle your complex, industry-specific business management needs, then Sage Peachtree Premium Accounting for Manufacturing 2012 is for you. This comprehensive solution combines manufacturing-specific functionality with powerful accounting and analysis tools. And with a no-risk, 60-day money-back guarantee, which promises satisfaction or refund of purchase price less any rebates paid for all first-time customers, Sage Peachtree Premium Accounting for Manufacturing provides the tools you need to achieve your strategic growth objectives.

Sage Peachtree Premium Accounting for Manufacturing 2012 offers powerful industry-specific tools to help you better manage your operations. Companies with complex BOM requirements appreciate enhanced assembly management, which allows you to create BOMs with up to 300 components and track revisions. Track assembly activity using work tickets, so you can monitor progress and react quickly. Serialized inventory capabilities enable you to maintain detailed inventory records for tracking, costing, and warranty requirements. You can also buy and sell in multi-quantity units, establish minimum stock levels with automatic reorder quantities, generate manufacturing-specific operational reports, and much more. Sage Peachtree Premium Accounting for Manufacturing also enables fast start-up, check writing, invoicing, purchasing, bank reconciliation, project tracking, advanced budgeting, the ability to archive company data, custom reports, and more. It offers user-friendly tools and multiple Help options to get you up and running quickly. For improved productivity, Sage Peachtree Premium Accounting for Manufacturing is also available in Multi-User Edition, which allows more than one person to work in Sage Peachtree.

Why Choose a Sage Peachtree Premium Solution?

If you view accounting as a tool that can help you make better decisions rather than just a necessary chore, Sage Peachtree is the perfect choice. It's designed for people like you who are dedicated to getting the numbers right, so you can truly understand how your business is performing. Sage Peachtree Premium Accounting for Manufacturing 2012 is an easy-to-use solution based on real, double-entry accounting principles with screen-level security, audit trails, and automatic accounting checks, so you get the accuracy and control you need to improve results.
